

Year 6 Information

Dear Parents,

Your children have now started their final term at St James' and I expect the time will go really quickly! I hope they continue to work hard and enjoy their last term with us. We have lots of exciting things to look forward to over the coming weeks however our main focus at the moment is preparation for SATs.

The Reading Passports have been sent out and hopefully the children will have them completed by Thursday 13th July.

Topics

For the Summer Term the main topics that we will cover are:

History: Victorians

Art: Clay containers

Science: Light

Our Key authors are Malorie Blackman, Anthony Horowitz and Frank Cottrell Boyce.

Resources

All P.E. kit should be labelled and be in school all week. Please note that the children will need one pair of trainers for outside and one pair of trainers or plimsolls for inside.

Events

We have lots of exciting things happening this term including:

- Sports Week
- KS2 Disco
- Bromley Athletics
- PTA Summer Fair
- Summer Walk
- Walk Around Evening.

We will also be working on our Summer Production with Miss Atkinson and will send details out soon of the costumes that are needed.

Over the coming weeks Secondary Schools will be in contact with me to discuss individual children as we prepare for transition. Some schools ask for written details, some speak to me over the telephone and others visit personally. If they visit they will also meet with the children. I will let the children know if their school makes an appointment to visit us. I know that schools also have transition days so please let me know if your child will be attending one of these.

Thank you for all that you do to support the children and me. It is very much appreciated. I hope the children are looking forward to the following term. I hope that they will make lots of happy memories and they will treasure these as they move on to their next adventure.

Mrs Weeks
