Year 3 & 4 Quadkids

On Wednesday in the hot sunshine, ten year 4 children travelled to Langley Boys School to take part in the Quadkids athletics tournament. This event meant each child having to compete in four disciplines – 50m sprint, 400m run, howler throw and standing long jump – scoring points for how far or how quick they performed. The points were then added together to give an overall team score.

The children thoroughly enjoyed themselves and performed brilliantly. Unfortunately we were not allowed to take photos at the event, but we do have the final rankings.

The team finished in 5th place out of 17 schools! An amazing result for a small school competing against much larger schools.
