

St. James' RC School Council Meeting

Monday 2nd October 2023

Pupils present:

Rec: Owen

Year 1: Zara

Year 2: Teddy

Year 3: Olivia M

Year 4: Emily

Year 5: James

Year 6: Julia and Joshua

The meeting started with the Hail Mary.

Mrs Weeks welcomed everyone to the meeting and thanked them for taking on this role. Mrs Weeks explained that the group would meet once every half term.

Mrs Weeks explained that if any child tells them to mention something at a meeting that is urgent then they must tell an adult straight away and not wait until the meeting.

The children were asked what they wanted to discuss at the meeting and they mentioned the following:

It was suggested that each class has someone that would keep an eye on the Friendship Stop to ensure that anyone who was at the Friendship Stop would have someone to talk to and play with.

The children asked if children waiting to put their plates away after lunch could be reminded to be patient.

One child asked if children could have salt at lunchtimes so that they could add it to their chips. Mrs Weeks explained that too much salt is unhealthy and that the cooks made sure that children only had a very small amount of salt in the school lunches. Therefore, adding salt to chips would not be healthy for us.

The Student Council said that KS2 children were not always using the correct equipment at breaktimes. Mrs Weeks said that she would remind children about this.

The Student Council went on to say that the space hoppers were not being used correctly. Mrs Weeks said that she would remind children about this.

Ks2 children also said that the Peace Garden was not being used correctly. Mrs Weeks said that she was very sad to hear this and that this would be discussed with all children.

The children also asked if there could be a reminder about being careful when children use the climbing equipment in KS2.

Mrs Weeks thanked everyone for attending the meeting.
